New Carnation for 1944

GENERAL PATTON (Lefever)—A large pure White Seedling measuring 3½ to 4 inches in diameter.

It is one of the most fragrant Carnations in existence. It produces unusually well considering its size.

The stems are long and stiff and the flower has an exceptionally good calyx.

GENERAL PATTON possesses exceptional keeping qualities, lasting from three to five days longer than any other variety.

Carnation growers will not make a mistake in purchasing this excellent variety. The quantity this season will be somewhat limited.

IT WILL BE DISSEMINATED WITHOUT RESTRICTIONS

Rooted Cuttings—\$15.00 per 100—\$125.00 per 1,000.

List of STANDARD VARIETIES on Reverse Side

Shortage of labor and other restrictions will add greatly to the burdens and difficulties of the growers who are producing cuttings for you this season.

WE CANNOT STRESS TOO STRONGLY THE IMPORTANCE OF EARLY ORDERING,
HELP THEM AND YOURSELF BY PLACING YOUR ORDER AT ONCE.
